Kenneth Luciano received his degree in Hospitality and Restaurant Management from Indiana University of Pennsylvania. Soon after arriving to the West Coast in 2005, Luciano began his career at the legendary Harry Denton's Starlight Room, continuing there until 2007 when he became the General Manager at MatrixFillmore. His role has grown to encompass GM duties at the Balboa Café, both part of the Plumpjack Group. At both properties, Luciano has shifted the bar program in an artisanal direction and enhanced the food and wine experience.
